Motif

Sasan Gir

The Gir National Park(Sasan Gir) is located at *Sasan*, a small village situated on the bank of the river Hiran. It is about 65 km south in the Junagadh district of Gujarat. *Sasan Gir* is one of the India's finest wildlife sanctuaries located in Gujarat. This National Park is set up in an area of 1412 square km. of lush deciduous forests. This national park was established on 18th September 1965 as a Forest Reserve to conserve the Asiatic lion.

The Sasan Gir is the only abode and the last refuge of the Indian lions. The Forest Department has made special facilities to watch lions in the forest. The main wildlife attraction in the Gir National Park is the lion. Besides lion, various variety of wild animals are found in this park which are the wild boar, Bear, Panther, Jackal, Sambar, Spotted deer, Striped Hyena, Leopard, Nilgai, Chinkara gazelle, Jungle cat, Black napped hare, Common langur, Porcupine, Langur, Blackbuck, Mongoose and the Indian Chousingha, the four horned antelope.

FOREWORD

The District Census Handbook (DCHB) is an important publication of the Census Organization since 1951. It contains both Census and non Census data of urban and rural areas for each District. The Census data provide information on demographic and socio-economic characteristics of population at the lowest administrative unit i.e. of each Village, Town and Ward of the District. The Primary Census Abstract (PCA) part of this publication contains Census data including data on household amenities collected during 1st phase of the Census i.e. House Listing and Housing Census. The non Census data presented in the DCHB is in the form of Village Directory and Town Directory contain information on various infrastructure facilities available in the village and town viz; education, medical, drinking water, communication and transport, post and telegraph, electricity, banking, and other miscellaneous facilities. Later on, the Telegraph Services were closed by the Government of India on 15th July, 2013. The data of DCHB are of considerable importance in the context of planning and development at the grass-root level.

2. In the 1961 Census, DCHB provided a descriptive account of the District, administrative statistics, Census tables and Village and Town Directory including Primary Census Abstract. This pattern was changed in 1971 Census and the DCHB was published in three parts: Part-A related to Village and Town Directory, Part-B to Village and Town PCA and Part-C comprised analytical report, administrative statistics, District Census tables and certain analytical tables based on PCA and amenity data in respect of Villages. The 1981 Census DCHB was published in two parts: Part-A contained Village and Town Directory and Part-B the PCA of Village and Town including the SCs and STs PCA up to Tahsil/Town levels. New features along with restructuring of the formats of Village and Town Directory were added. In Village Directory, all amenities except electricity were brought together and if any amenity was not available in the referent Village, the distance in broad ranges from the nearest place having such an amenity, was given.

3. The pattern of 1981 Census was followed by and large for the DCHB of 1991 Census except the format of PCA. It was restructured. Nine-fold industrial classification of main workers was given against the four-fold industrial classification presented in the 1981 Census. In addition, sex wise population in 0-6 age group was included in the PCA for the first time with a view to enable the data users to compile more realistic literacy rate as all children below 7 years of age had been treated as illiterate at the time of 1991 Census. One of the important innovations in the 1991 Census was the Community Development Block (CD Block) level presentation of Village Directory and PCA data instead of the traditional Tahsil/Taluk/PS level presentation.

4. As regards DCHB of 2001 Census, the scope of Village Directory was improved by including some other amenities like banking, recreational and cultural facilities, newspapers & magazines and 'most important commodity' manufactured in a Village in addition to prescribed facilities of earlier Censuses. In Town Directory, the statement on Slums was modified and its coverage was enlarged by including details on all slums instead of 'notified slums'.

5. The scope and coverage of Village Directory of 2011 DCHB has been widened by including a number of new amenities in addition to those of 2001. These newly

added amenities are: Pre-Primary School, Engineering College, Medical College, Management Institute, Polytechnic, Non-formal Training Centre, Special School for Disabled, Community Health Centre, Veterinary Hospital, Mobile Health Clinic, Medical Practitioner with MBBS Degree, Medical Practitioner with no degree, Traditional Practitioner and faith Healer, Medicine Shop, Community Toilet, Rural Sanitary Mart or Sanitary Hardware Outlet in the Village, Community Bio- gas, Sub Post Office, Village Pin Code, Public Call Office, Mobile Phone Coverage, Internet Cafes/ Common Service Centre, Private Courier Facility, Auto/Modified Autos, Taxis and Vans, Tractors, Cycle-pulled Rickshaws, Carts driven by Animals, Village connected to National Highway, State Highway, Major District Road, and Other District Road, Availability of Water Bounded Macadam Roads in Village, ATM, Self-Help Group, Public Distribution System(PDS) Shop, Mandis/Regular Market, Weekly Haat, Agricultural Marketing Society, Nutritional Centers (ICDS), Anganwadi Centre, ASHA (Accredited Social Health Activist), Sports Field, Public Library, Public Reading Room, Assembly Polling station, Birth & Death Registration Office. In the Town Directory, seven Statements containing the details and the data of each Town have been presented viz.; (i) Status and Growth History of Towns, (ii) Physical Aspects and Location of Towns, (iii) Civic and other Amenities (iv) Medical Facilities, (v) Educational, Recreational & Cultural Facilities, (vi) Industry & Banking, and (vii) Civic & other amenities in Slums respectively. CD Block wise data of Village Directory and Village PCA have been presented in DCHB of 2011 Census as presented in earlier Census.

6. The data of DCHB 2011 Census have been presented in two parts, Part-A contains Village and Town Directory and Part-B contains Village and Town wise Primary Census Abstract. Both the Parts have been published in separate volumes in 2011 Census.

7. The Village and Town level amenities data have been collected, compiled and computerized under the supervision of Shri Manish Bharadwaj, IAS, Directorate of Census Operations, Gujarat. The task of Planning, Designing and Co-ordination of this publication was carried out by Dr. Pratibha Kumari, Assistant Registrar General (SS) under the guidance & supervision of Dr. R.C.Sethi, Ex-Addl. RGI and Shri Deepak Rastogi present Addl.RGI. Shri A.P. Singh, Deputy Registrar General, (Map) provided the technical guidance in the preparation of maps. Shri A.K. Arora, Joint Director of Data Processing Division under the overall supervision of Shri M.S.Thapa, Addl. Director (EDP) provided full cooperation in preparation of record structure for digitization and validity checking of Village and Town Directory data and the programme for the generation of Village Directory and Town Directory including various analytical inset tables as well as Primary Census Abstract (PCA). The work of preparation of DCHB, 2011 Census has been monitored in the Social Studies Division. I am thankful to all of them and others who have contributed to bring out this publication in time.

Preface

I am deeply indebted to all the officers of Gujarat Government for their unstained support and cooperation at all stages of Census 2011. I am grateful to Shri A. K. Joti, Chief Secretary of Gujarat State, Shri V. N. Maira, Additional Chief Secretary of General Administration Department (Planning), Shri A. D. Patel, Deputy Secretary for their prompt response, guidance and cooperation to Census Organization. They infused a sense of urgency and seriousness in the minds of officers of the District Administration, which geared up the entire administrative machinery. Cooperation received from Shri J. T. Malvi, Under Secretary and Kum. N. M. Muni, Section Officer of General Administration Department Gujarat state and officials of Directorate of Economics & Statistics are worth mentioning.

District Census Handbook of Gujarat is a joint exercise of the Government of Gujarat and the Census organization of the Government of India. In the preparation of the DCHB, the role played by the census organization is that of census data collection, scanning of collected information, validation, compilation and analysis of data. DCHB Unit of the State Government collected the basic non-census information relating to amenities and infrastructures available in the villages of the district. Apart from bearing the financial cost of this publication, all the officials of different departments of the State Government extended whole hearted co-operation for accomplishing the task. Most of the data supplied by the various departments were cross-checked and an attempt was made to reconcile the discrepancies as well in order to get the final figures.

The District Collector, the District Development Officer, District Statistical Officer, District Information Officer and their staff members extended their warm and whole hearted co-operation for carrying out field work of the census and collection of non-census data for this District Census Handbook.

I am deeply grateful to Dr. C. Chandramauli, I.A.S., the Registrar General and Census Commissioner, India for the benefit I have derived by the way of guidance and advice. I also express my thanks to Shri Deepak Rastogi present Addl.RG, Shri P.K.Banerjee. Deputy Registrar General (C&T), Shri A.P. Singh, Deputy Registrar General, (Map), Dr. Pratibha Kumari, Assistant Registrar General (SS), Shri M.S.Thapa,

Addl. Director (EDP), Shri A. K. Arora, Joint Director (EDP) and Shri Mahipal Singh , Assistant Director (SS) for providing technical guidance in finalizing this publication.

Shri Manish Bharadwaj, I.A.S. who held the office of Director of Census Operations, Gujarat had guided the operations of the 2011 Census. The data presented in this handbook were collected and compiled under the direction and guidance of Shri Manish Bharadwaj. However, he was repatriated to the State Government before this volume could be made available for the press.

In state office Shri M. R. Roal, Deputy Director, District Census Handbook Unit, Kum. S. B. Parmar, Research Officer, Smt. K.B. Panchal, Research Assistant of District Census Handbook Unit, and their team of assistants meticulously collected and scrutinized the non-census data from various sources and prepared draft of DCHB etc. with the help of Census section. The other officials of D.C.H.B. Unit, who scrutinized, edited and supervised the work of D.C.H.B. have been mentioned in the “Acknowledgement”.

Of this Directorate I would like to extend my sincere thanks to Shri R. S. Meena, DRG (C&T), who had played major role in Census 2011 of Gujarat. Dr. Bhavesh Mehta, JD (EDP) and his team of devoted workers deserve all praise for timely processing of Household Schedules through Intelligent Character Recognition technology. Smt V.A.Warade, Deputy Director, Shri Ramsingh Meena, Deputy Director and Shri S Lingasamy, Deputy Director who were assisted by Smt. Sanchita Sarkar, Assistant Director and her team of dedicated workers deserve all praise for their perseverance and dedication in preparing the publication. The maps provided in the D.C.H.B. are prepared by the Map Section of the Census Directorate under the supervision of Dr. R. K. Sharma, R.O (Map). I am thankful to all of them.

I am also thankful to all the census staff who provided assistance directly or indirectly in finalizing data at every stage and for final scrutiny of this publication.

S. D. Bhaisare

HISTORY AND SCOPE OF THE DISTRICT CENSUS HANDBOOK

The need of data at the grass root level for the administrative and planning purposes at sub micro level as well as academic studies prompted the innovation of District Census Handbook. District Census Handbook is a unique publication from the Census organization which provides most authentic details of census and non-census information from village and town level to district level. The District Census Handbook was firstly introduced during the 1951 Census. It contains both census and non census data of urban as well as rural areas for each district. The census data contain several demographic and socio-economic characteristics of the lowest administrative unit i.e. of each village and town and ward of the district. The non census data comprise of data on availability of various civic amenities and infrastructural facilities etc. at the town and village level which constitute Village Directory and Town Directory part of the DCHB. The data of DCHB are of considerable importance in the context of planning and development at grass-root level.

In 1961 census DCHB provided a descriptive account of the district, administrative statistics, census tables and village and town directory including Primary Census Abstract. This pattern was changed in 1971 Census and the DCHB was published in three parts: Part-A related to village and town directory, Part-B to village and town PCA and Part-C comprised analytical report, administrative statistics, district census tables and certain analytical tables based on PCA and amenity data in respect of villages. The 1981 census DCHB was published in two parts: Part-A contained village and town directory and Part-B the PCA of village and town including the SCs and STs PCA up to tahsil/town levels. New features along with restructuring of the formats of village and town directory were added into it. In Village Directory, all amenities except electricity were brought together and if any amenity was not available in the referent village, the distance in broad ranges from the nearest place having such an amenity, was given.

The pattern of 1981 census was followed by and large for the DCHB of 1991 Census except the format of PCA. It was restructured. Nine-fold industrial classification of main workers was given against the four-fold industrial classification presented in the 1981 census. In addition, sex wise population in 0-6 age group was included in the PCA for the first time with a view to enable the data users to compile more realistic literacy rate as all children below 7 years of age had been treated as illiterate at the time of 1991 census. One of the important innovations in the 1991 census was the Community Development Block (CD Block) level presentation of village directory and PCA data instead of the traditional tahsil/taluk/PS level presentation.

As regards DCHB of 2001 Census, the scope of Village Directory was improved by including some other amenities like banking, recreational and cultural facilities, news papers & magazines and 'most important commodity' manufactured in a village in addition to prescribed facilities of earlier censuses. In Town Directory, the statement on Slums was modified and its coverage was enlarged by including details on all slums instead of 'notified slums'.

The scope and coverage of Village Directory of 2011 DCHB has been widened by including a number of new amenities in addition to those of 2001. In the Town Directory, seven Statements containing the details and the data of each town have been presented viz.:(i)-Status and Growth History of towns,(ii)-Physical Aspects and Location of Towns,(iii)-Civic and other Amenities,(iv)-Medical Facilities,(v)-Educational, Recreational & Cultural Facilities,(vi)-Industry & Banking, and (vii)-Civic & other amenities in Slums respectively. CD Block wise data of Village Directory and Village PCA have been presented in DCHB of 2011 census as presented in earlier census. The data of DCHB 2011 Census have been presented in two parts, Part-A contains Village and Town Directory and Part-B contains Village and Town wise Primary Census Abstract. Both the Parts have been published in separate volumes in 2011 Census.

Brief History of the district

A few archaeological investigations into prehistoric sites are conducted in the district. The discovery of the stone tools of the Early Paleolithic Age, however, in the Rajkot, Jamnagar and Surendranagar districts indicate that the Early Man inhabited the whole of Saurashtra in early pre-historic times. Saurashtra including Prabhas- Patan near Veraval has also yielded tools of the Middle Paleolithic Age. Microliths of the Late Paleolithic Age are found in the chalcolithic layers near Prabhas-Patan in this district. The Early Paleolithic Age is dated, 50,000 to 1, 00,000 year back, while the Late Paleolithic Age is dated about 2500 B.C.

The history of the Junagadh district, formerly known as Sorath forming part of Saurashtra, dates back to the hoary antiquity. Sorath is an ancient land splendor, testimony of which can be had from the edicts of Ashok on a granite rock(256 B.C.). Rudradaman's inscription (150 A.D.).

The district of Junagadh takes its name from the town of the Junagadh, the former capital of the Junagadh State. The Junagadh town was called Karnakubja in the Girnar Mahatmya but it was also assigned four different names in different ages, such as Manipur, Chandraketupur, Raivata and Pauratanpur. In the old rock inscription, the city is referred to as Girinagar, Nagar and Purwanagar. It is reasonable to think that the general consensus of the names Puratanpur, Purwanagar, Jirandurg, Jirangadh and Junagadh points strongly in the direction that "The ancient fortress" is the real connotation of the name.

The district can boast of hoary past as Prabhas-Patan is the pre-Harappan site and has yielded rich horde of pottery of pre-Harappan, Harappan and Kshatrpa periods. Coins of Minander and Appolodotus from Junagadh and coins of Kshatrpa period from Uparkot and Vansoj speak of its ancient character. The Rock Edict of Ashoka one the Mount Girnar is unique

and the inscriptions of Ashoka (256 B.C.), Rudradaman (150 A.D.) and Skandagupta (456 A.D.) belonging to Maurya, Kshatrapa and Gupta periods respectively throw light on the socio-economic condition of the times. Girinagar (Junagadh) was the capital of Western India for about 700 years upto 500 A.D. After the Gupta and Maitrak rule, Chudasama dynasty ruled for 600 years from 875 A.D. to 1472 A.D., when Mohammed Begada annexed the kingdom of Junagadh after stiff fight. It remained under the Sultans of Gujarat and Moghuls upto 1747 A.D., when Sherkhan Babi, the Faujdar of Junagadh established an independent kingdom. The rulers of Babi family ruled the area for about two centuries. This state was one of the most powerful states of Saurashtra and under Diwan Amarji it exhorted 'Jortalbi' from 139 states out of 193 states including the first class states of Jamnagar and Bhavnagar. Even the army of Gaekwar was defeated by Amarji though the Nawab acknowledged the sovereignty of the Marathas.

The age old monarchy was brought to an end in November, 1948 by the people themselves, by a popular agitation against the last ruling Nawab Mohabat Khan, who had desired to annex the State with Pakistan. But the popular agitation was so intense and powerful that the last ruler ran away to Pakistan to find refuge and the people of Junagadh accede the State to the Indian Union.

Junagadh district was carved out of the several states and estates such as Junagadh, Porbandar, Manavadar, Mangrol, Sardargadh, Bilkha and Sultanabad in 1949. The district as then constituted comprised the former princely territories of Junagadh, Porbandar, Manavadar, Mangrol, Bantwa (Bada Majim), Bantwa (Chhota Majim), Manpur, Thumbala, Sardargadh, Bilkha and parts of Gondal, Jetpur States and Lakhapadar thana. It was known as Sorath also. The premier State of the district, viz. Junagadh alongwith Manavadar and Mangrol had created history of acceding to Pakistan on 15th August, 1947 against the wishes of the people. As a consequence of this

decision, there was popular agitation against the state, which resulted in Arzi Hukumat.

Current districts existence comes from date 19/4/1949 by merger of Junagadh and surrounding Deshi Rajwadas. In these Rajwadas Junagadh, Manavadar, Mangrol, Bantwa, Sardargadh, were prominent.

In November, 1956 the States were reorganised and the bigger bilingual State of Bombay was formed with Vidarbha, Marathwada, Saurashtra and Kachchh regions and Junagadh district became a part of the bigger bilingual State.

Lastly, the Bombay State was bifurcated on 1st May, 1960 and separate States of Gujarat and Maharashtra were formed, since that date the Junagadh district became a part of the Gujarat State. In 1997 by several notifications (s), Government of Gujarat reconstituted some districts and talukas of the State. Government of Gujarat had reconstituted Junagadh district and created new district Porbandar vide the Government Notification No.GHM-97-84-M-PFR-1097-L dated 24th September 1997. Porbandar, Ranavav and Kutiyana talukas were transferred from Junagadh district to Porbandar district.

Administrative Set-up

With a view to run the administration of the State smoothly, it has been divided into Districts, which in turn have been further sub-divided into Talukas (Tahsils). In the State of Gujarat, the community development blocks are co-terminus with the Talukas. The Talukas contain large number of villages and possibly several towns. The villages have Village Panchayats to run the local administration. A Village Panchayat may constitute of one revenue village, several revenue villages or a part of a large village. Similarly, the Towns have Municipality or Municipal Corporation as the seat of local selfgovernment.

In the State of Gujarat, as on December 2009 there were 26 districts and 225 Talukas, against 25 districts and 226 Talukas in 2001 Census. Junagadh Municipality became Junagadh Municipal Corporation in 2011 as per Urban Development and Urban Housing Department Notification No. KV-125-2002-MNA-1001-CMR-41(ii)-P. Dt.13-9-2002.

The District Collector looks after the general administration, maintenance of collection of land revenue and settlement of law related disputes, civil supplies, district planning, mid-day meal scheme, etc at the district level. At the Taluka level, Mamlatdar looks after the land development and revenue collection and law and order. The functions of administration of law and order and control and investigation of crime are done by the Superintendent of Police of the district with the help of Police Stations working under him. For the purpose of maintaining law and order there are 25 police stations, 23 police Chowkies and 21 out posts as per the statement below:

Police Station in the District

Sl. No.	Particulars	2008	2009
1	2	3	4
1	Police Station	25	25
2	Police Chowky	21	23
3	Out Post	18	21

Source: Director General of Police, Gandhinagar, 2010

Number of police stations in 2009 are same as they were in 2008, number of police chowkies and out posts have increased by 2 & 3 in 2009 and become 23 & 21 respectively.

The Panchayati Raj institutions are fairly strong and most of the development works have been transferred to the District Panchayats and its subordinate bodies. The District Panchayat has an elected President and District Development Officer appointed by the Government who works as its Secretary and looks after day-to-day work related to the development. Similarly, at the Taluka level, Taluka Panchayats have been constituted which have an elected President. The Taluka Development Officer, placed by the Government as Secretary of the Taluka Panchayats and he conducts the regular administrative work. Like- wise, an elected President heads the Municipality and the Chief Officer works as the Secretary of the Municipality and looks after the dayto- day work. In case of the large cities, the State Government has constituted Municipal Corporation, which are headed by an elected Mayor and the Municipal Commissioner, appointed by the Government who looks after the routine work. At the Village level, the Sarpanch is the elected Chief and the Talati (Village Mantri) works as the Secretary to the Village Panchayat and looks after the day-to-day work. In view of the expanding role of the public administration in a state like Gujarat, the Government has taken-up many activities and has set up several offices. Such offices which came into the existence are as under:

- (1) Education (Primary and Higher Education)
- (2) Agricultural and Research
- (3) Animal Husbandry and Poultry
- (4) Forest and Environment
- (5) Roads and Buildings, Bridges
- (6) Co-operation and Co-operative Societies
- (7) Industries, Small and Large as well as Cottage

- (8) Health and Medical Services, Medical Education and Research, Family Welfare and Nutrition
- (9) Information Department
- (10) Irrigation Minor and Major
- (11) Social Welfare and Social Defence

The functions of above offices are managed and controlled by concerned Head of Departments and in some cases also by District and Taluka Panchayats. The task of primary education in rural areas has been entrusted to District Panchayats and functions relating to primary education are assigned to District Development Office and are controlled by the District Primary Education Officer. The secondary education is looked after by District Education Officer and Education Department. Primary education as well as higher secondary education of all types of institutions is governed by District Education Officer.

Agriculture activities have been delegated to District Panchayat to a large extent and District Agriculture Officer is in-charge of looking after agricultural produce including crops and vegetables. Similarly Animal Husbandry is also a Panchayat activity and routine work is controlled by the Deputy Director (Animal Husbandry) who sits in District Panchayat for taking care of animals and poultry farms. Besides, district agriculture office in Panchayat offices such as Deputy Director (Agriculture) and other officials look after various aspects of agriculture for developing the agriculture sector as well as to extend necessary assistance to farmers at District level.

Besides Director, Animal Husbandry Officer of Panchayat offices such as Deputy Director (Animal Husbandry) Special Officers at Veterinary offices etc. in state government animal husbandry department also monitor activities of this sector at district level.

Public Health in rural area is assigned to the District Panchayat under the Chief District Health Officer who looks after epidemics, malaria control, water

born diseases and district level administration of Public Health Centres. District and Talukas Hospitals and Referral Hospitals are being looked after by the District Civil Surgeon of medical services in the State, while Medical Colleges and Research activities attached with the respective Civil Hospitals are controlled by Medical Education and Research Wing.

Family welfare activities are also monitored by the District Health Officer. Chief District Health Officer is also functioning as District Registrar of Birth and Death of the district and Talati cum Mantri is also Registrar of Death and Birth for the respective villages. Anaemic mothers and children upto to the age of 14 are looked after by Nutrition Officer under the Nutrition Programme.

District Ayurvedic Officer looks after the Ayurvedic dispensaries and hospitals. They also take care of the Ayurvedic plants and medicines and gardens. The District Food and Drugs Officer generally looks after the quality of the food and drugs in the district. Labourers and workers who are working in registered units are covered under the Employees State Insurance Scheme.

The rural roads have been transferred to the District Panchayats and their maintenance is done by the Executive Engineer, Roads and Buildings Department. Minor irrigation works are transferred to the District Panchayat and Executive Engineer (Panchayat) of the Panchayat's irrigation office which looks after water harvesting and check dams.

The Roads and Buildings Department of State Government looks after the maintenance of roads, buildings, bridges and government multi-storey buildings etc. Besides Panchayat Officials, major district roads and the state highways are looked after by the Executive Engineer (Roads & Buildings). The large multi-purpose irrigation projects are controlled by State Government directly through its Executive Engineer.

District Industries Centre is functioning for the development of the small village industries, handloom industries and the scope of industrial growth in the

district. Besides, other departments are working for the rights of the industrial workers and rural labourers engaged in agriculture and others sectors.

Besides, this department is working for the rights of the industrial workers and rural labourers for agriculture and others sectors in rural areas.

Social welfare activities relating to the Scheduled Castes, Scheduled Tribes, Other Backward Castes and Other Backward Communities in the District are organized by the District Welfare Officer. Generally the schemes under T.A.S.P. and Special Component Plan are organized by the District Welfare Officer.

In each District Panchayat, District Statistical Officer of Directorate of Economics and Statistics providing the statistical data of different development programmes to ensure the necessary developments in the district. He is also Member-Secretary of District Planning Board. Similarly in every Collector Office, District Planning Officer looks after the development work of various Government (State & Centre) sponsored programmes.

Various Co-operative societies like Co-operative Milk Societies, Agricultural Produce Market Societies. Co-operative banking and other Co-operative societies are controlled by the District Registrar Co-operative Societies.

There are total 1029 villages in 2011, out of which 901 villages are inhabited and there are 15 towns in 2011 which were 12 in 2001. Junagadh municipality became Junagadh Municipal Corporation in 2011. Joshipura (M) from 2001 is merged into Junagadh Municipal Corporation.

The taluka wise break up of towns and villages for the district is shown in the following statement.

Taluka wise Number of Towns and Villages

Sl. No.	Name of Taluka	No. of Towns	No. of Villages	
			Total	Inhabited
1	2	3	4	5
1	Manavadar	2	55	55
2	Vanthali	1	46	46
3	Junagadh	2	70	66
4	Bhesan	0	46	42
5	Visavadar	1	103	85
6	Mendarda	0	48	45

District Highlights – 2011 Census

Junagadh district has 14 sub-district and 901 inhabited villages and 128 uninhabited villages.

- **Area & Density :**

1. Junagadh covers 4.50% of total area of Gujarat State.
2. Density (Population per sq. km) of Junagadh district is 311.

- **Population :**

1. Junagadh district is the 7th most populated district in the State.
2. In Junagadh district, Sub-district Junagadh has the highest population (439420) whereas sub-district Mendarda has the lowest (68531).
3. Among villages of Junagadh district, Mendarda village of Sub-district Mendarda is the most populated villages with population 15766 and two villages namely Mathura Thana from Bhesan sub-district and Bheriya village from Talala sub-district has the lowest population of 1. There are 14 villages from different sub-districts of Junagadh having population less than 20.

- **Sex – ratio :**

1. Junagadh district has a sex ratio of 953 (no. of females per 1000 males) which is 7th highest in the state.
2. Among sub-districts, Kodinar has the highest sex ratio (978) and Vanthali has the lowest sex ratio (925).

- **Child sex – ratio :**

1. In terms of child sex ratio, Junagadh secure 10th position with child sex ratio of 907.
2. Sub-district Una has the highest child sex ratio of 937 and Bhesan has the least child sex ratio (852).

- **Literacy :**

1. Junagadh district has 75.80% literacy rate and female literacy rate is 66.86%.
2. Sub – district Junagadh has the highest literacy rate (84.93) and Una has the lowest literacy rate (68.34) among all sub –districts of Junagadh

- **Economic Activity :**

1. The economy of the district is basically dependent on agricultural activities as 62.41% workers are engaged in agricultural work.
2. Other non-agricultural focus sectors are mineral based cement industry, fish processing industry and power plants.
3. District is famous for the Gir Sanctuary, the only abode to Asiatic lions and mountain range Girnar, which is a major pilgrimage destination.

Section - I

Primary Census Abstract (PCA)

Brief Note on Primary Census Abstract

Introduction:

The Indian Census has the reputation of being one of the best in the world. The first Census in India was conducted in the year 1872. This was conducted at different points of time in different parts of the country. In 1881 a Census was taken for the entire country simultaneously. Since then, Census has been conducted every ten years, without a break. Thus, the Census of India 2011 was the fifteenth in this unbroken series since 1872, the seventh after independence and the second census of the third millennium and twenty first century. The census has been uninterruptedly continued despite several adversities like wars, epidemics, natural calamities, political unrest, etc.

The Census of India is conducted under the provisions of the Census Act 1948 and the Census Rules, 1990. In Censuses until 1931, a synchronous de-facto method was adopted wherein the Census was conducted throughout the country on a single night. This being a very costly affair and involved the deployment of very large force at one point of time was given up in 1941. Since then the same methodology has been followed in all the Censuses. It is a gigantic operation and considered to be the single largest, complex, peace time administrative exercise in the world.

The Census Operation in India is carried out in two distinct but inter connected phases - the House listing and Housing Census followed by the Population Enumeration. During the first phase of Census 2011 i.e., House listing and Housing Census, the buildings, census houses and households were identified and systematically listed in the House Listing and Housing Census Schedule during the period April to September, 2010 in different States/Union Territories. Apart from listing of houses, some useful data on the amenities available to the households was also collected for assessing condition of human settlements, housing deficits etc.

Censuses prior to Census 2001 had the system of collecting the information through Individual Slip which was a key schedule for every individual. The information collected through slip was then compiled for a household. Some information was also collected in addition to this for the household. During 2001 Census a comprehensive Household Schedule was adopted replacing the individual slip concept. In 2011 Census also similar household schedule was used for canvassing. The scope of demographic, socio-economic parameters has been widened in every census.

2. Population Enumeration - Census 2011:

The field work of the second phase i.e. Population Enumeration was carried out during February-March, 2011. One of the essential features of Population Enumeration in the second phase was that each person was enumerated and her/his individual particulars were collected at a well-defined point of time.

The Census moment and the reference date for the Census of India 2011 was 00:00 hours of 1st March, 2011. The enumeration was conducted from 9th February to 28th February, 2011 alongwith a revisional round from 1st March, 2011 to 5th March, 2011 synchronously all over the country except for few specific areas of the Jammu & Kashmir, Himachal Pradesh and Uttarakhand states that remain snowbound in February. In these locations the population enumeration was done from 11th September, 2010 to 30th September, 2010 along with a revisional round from 1st October, 2010 to 5th October, 2010. The reference date for the census in snow bound non-synchronous areas of these states was 00.00 hours of the first day of October, 2010. In addition to the coverage during House listing & Housing Census, the enumeration of the Houseless population was carried out on the night of 28th February, 2011, as has been the usual practice. For the purpose of Census, certain areas where the access of the civilian enumerators was not permissible due to security reasons termed as 'Special Charges' such as the Defence and strictly Military/Para-Military areas, including operational areas were also covered. Such areas were not covered during the House listing & Housing Census. In addition to the defence/para-military areas, Special Charges also included certain factory areas, certain colonies, sensitive areas, scientific establishments, etc. These also formed Special Charges as these were not accessible by the usual census enumerator.

3. Quality Assurance:

A Task Force for Quality Assurance (TFQA) functioned under the chairmanship of the RG & CCI. Experienced officers of the different divisions of the organization i.e. Heads and senior officers of the Census Division, Data Processing Division, Map Division, Demography Division and Social Studies Division comprised the TFQA. The Directors of Census Operations were co-opted as members whenever the TFQA discussed the data for their States/Union territories. The main objective of constituting the TFQA was to subject the data to stringent validation checks and ensure its quality before release as it was expedient to be satisfied itself about the quality of data before putting the same in public domain.

The Directors and their senior officers were involved at all levels with respect to the quality and the coverage of their States/UTs. The TFQA intensively scrutinized coverage and content parameters including edit and imputation logic. The most important aspect of the data quality was to ensure complete coverage of all geographical areas especially for the population enumeration phase where the data is disseminated right up to the village level in the rural areas and the ward level in the urban areas. Thus ensuring the complete coverage and correct geographical linkage of each enumeration block was one of the major planks of the quality control, especially for small area population statistics. The content was scrutinized mainly through the process of internal consistency, comparison with similar data in the past and also through validation with likewise data if available, from external sources. Quite often the local knowledge and perception was looked at to understand both the existing and the new emerging trends of population distribution and characteristics. A very comprehensive check and edit mechanism was put in

place to objectively examine the preliminary Census 2011 Population Enumeration results and finally clear them for use. The population data was cleared only after the full possible satisfaction of the TFQA.

The entire work relating to the data validation and scrutiny was completed by all the States/Union territories under the overall supervision and monitoring of the Census Division of the Office of the Registrar General, India with active cooperation and support of the Social Studies Division, Data Processing Division, Data Dissemination Division and Map Division.

4. Primary Census Abstract:

The Primary Census Abstract which is an important publication of 2011 Census gives basic information on Area, Total Number of Households, Total Population, Scheduled Castes, Scheduled Tribes Population, Population in the age group 0-6, Literates, Main Workers and Marginal Workers classified by the four broad industrial categories, namely, (i) Cultivators, (ii) Agricultural Labourers, (iii) Household Industry Workers, and (iv) Other Workers and also Non-Workers. The characteristics of the Total Population include Scheduled Castes, Scheduled Tribes, Institutional and Houseless Population and are presented by sex and rural-urban residence.

In 1981 census main workers were presented into four categories. As regards 1991 Census, the nine-fold industrial classification of main workers has been given in the Primary Census Abstract. One of the important features of the Primary Census Abstract of 1991 Census was the presentation of population of the age group 0-6 which is continued in 2001 and 2011 Census. All the children of age 6 years or less have been treated as illiterate even if the child is going to a school and may have picked up reading and writing. This will help the data users in better analysis and understanding of the literacy data as the literacy rate is calculated with 7 years and above population and it is referred as effective literacy rate. In 2001 and 2011 census four categories of main workers have been given in the Primary Census Abstract.

5. Level of Presentation of PCA data in District Census Handbooks:

The format of Primary Census Abstract (PCA) adopted in the DCHB of 2001 Census has been continued for 2011 Census as the data on four categories of works have been presented similar to 2001 census. The Primary Census Abstract data in different PCAs are presented at different levels. The level of presentation of Primary Census Abstracts in DCHB is as under:

1. District Primary Census Abstract - District/C.D. Block/Town.
2. Primary Census Abstract for Scheduled Castes- District/C.D. Block/Town.
3. Primary Census Abstract for Scheduled Tribes - District/C.D. Block/Town.
4. Village Primary Census Abstract - C.D. Block/Village wise.
5. Urban Primary Census Abstract- Town/Ward level.

The PCA Data for villages was presented C.D. Block wise for the first time in 1991 Census. This practice is continued in 2001 and 2011 Census. The

term 'Total Population' includes the Scheduled Castes, the Scheduled Tribes, the Institutional and the Houseless populations. An appendix to District Primary Census Abstract has also been furnished showing urban enumeration block-wise particulars on Total Population, the Scheduled Castes Population and the Scheduled Tribes Population for each town.

6. Area Figures:

The area figures supplied by local revenue authorities of the district in respect of tahsils, Police Stations and by the local bodies in respect of towns are given in square kilometers. The area figures of the villages supplied by the Tahsildars in acres have been converted and shown in hectares. The area figures of the C.D. Block are the total of the village areas coming under each C.D. Block. The area figures for the district are the same as adopted by the Surveyor General of India to maintain uniformity at the national level.
